"A friendly, efficient service"

TO THE TRADE

This List Cancels All Previous Lists

Packing. Net F. O. B. our shipping points. Packing charges are extra. We make no charge for packing car lot orders in bulk.

NOTICE!

We anticipate that there will be many shortages before the Planting Season is over. All prices in this list are subject to change without notice. All quotations are made for immediate acceptance and with the understanding that all orders placed by us with our shippers are placed subject to shipper having stock on hand at the time your order is received. We advise you to place all orders early.

Prices are subject to change without notice.

Orders are accepted on condition that they shall be void should stock become injured by frost or other causes beyond our control. We cannot be responsible for loss caused by damage or delay in transit. If such damage occurs, it must be reported and entered immediately with your local agent of the transportation company.

SEE NOTICE INSIDE BACK COVER

CLAIMS for error or shortage will be gladly corrected, but we must be notified within **TEN DAYS** after arrival of the stock. Such claims must be based upon an actual check of material at the time shipment arrives and not after it has been sold or lined out. Positively no claims will be allowed unless we (or the shipper) are notified within 10 days of arrival of the shipment.

Quantity Discount. Five to 30 plants furnished at the 10 rate, 30 and up at the 100 rate and 250 at the 1,000 rate.

Guarantee. Prices do not include any guarantee of growth whatever.

Terms. All accounts are due and payable 30 days from date of invoice. Cash, security, or satisfactory Trade References will be required from unknown parties. Interest at 6% will be charged upon all past due accounts. Cash discounts: 2% 10 days from date of invoice.

Where quantity ordered is of sufficient amount we can arrange for shipment by motor freight at prevailing rates. Our favorable locations make it advantageous for our customers to come with their trucks and take away their purchases.

OUR SERVICE

We always use the greatest care in placing orders for material where we believe the customer's interests will be best served as regards transportation, etc. Sometimes we receive orders for material of which we are either sold out or do not list. In such cases we fill the order, if possible, from the nearest source of dependable stock. This service, we believe, means much to our customers, especially during the busy planting seasons.

*Shipping point Geneva, N. Y.

To all our customers who are members of the American Association of Nurserymen, it is not necessary to call attention to the fine service being rendered by that organization to our entire industry. But to you who are not members, let us say that you are missing a service which is worth many times its cost. You should belong and get this service for your own benefit. We hope that all nurserymen, who have not already done so, will send in their request for an application blank to Richard P. White, Secretary, American Association of Nurserymen, Room 636 Southern Building, Washington 5, D. C. (or if you prefer you may send this request to our office.)

FRUIT TREES

We cannot supply Fruit Trees of any variety or size, and cannot supply Strawberries. Fruit trees of all kinds are so scarce we will not attempt to handle them at present. The only Fruit Trees we can now offer are the caliper Apple Trees which we list "in the ground." The buyer will have to dig them.

APPLES — TRANSPLANTED TREES

We have a good assortment of transplanted Apple Trees that are well headed trees from 5 to 7 years of age. Most of these trees have had fruit on them.

This year we offer these trees in the ground only, the buyer to select and dig the trees himself

We list sizes as follows:

1 1/4 to 1 1/2 in. caliper.....	\$1.25
1 1/2 to 1 3/4 in. caliper.....	1.90
2 to 2 1/2 in. caliper.....	2.50
2 1/2 to 3 in. caliper.....	4.00
3 to 3 1/2 in. caliper.....	5.00
3 1/2 to 4 in. caliper.....	6.00

Latham. Fruit is of large size, deep red.

Newburg. Large, sweet berry. Very productive. New.

PERENNIALS

We are much pleased to offer this line of herbaceous material from very reliable growers. As always, we will offer **Bristol Nurseries** superb line of Hardy Mums and will include their 1947 introductions as soon as such are available. This year we are fortunate in having a new shipper in our group. **Sunny Border, Inc.** of Kensington, Conn. will supply the greater portion of the items offered in the following list. This firm is producing many fine new items, and we are pleased to be representing them. Several of **Corliss Brothers** well known items also appear in this list with shipment from that firm. Some of the Phlox items come from a more western source. While we are somewhat limited as to quantity in several of the varieties we feel that our list of perennials will be a welcome addition this coming season.

HARDY CHRYSANTHEMUMS

Except in the most Northern part of our territory, we wish to call to your attention the value of **HARDY CHRYSANTHEMUMS**. The earlier and more dwarf varieties give an abundance of flowers of a good color range. These are followed by the vivid colorings of the Korean Hybrids originated by Bristol Nurseries. These superb varieties will flower from September 1st to October 20th, depending upon variety. When flowers are scarce these Mums brighten up the garden as nothing else can brighten it at that time of year. In the colder area and in sections exposed to frost these plants will often start blooming after having been frosted. All in all, there is nothing to equal the Bristol Koreans for Fall flowers. To the Florist, even in areas where early frosts occur, we unhesitatingly recommend Korean Mums as a plant to be grown in frames and sash-houses. This type of Mum as a late Fall cut flower is enthusiastically welcomed by the buying public as it is impossible to duplicate the Korean colors in the greenhouse varieties. We have Florist customers who find these Koreans a welcome addition to their list of Mums. Remember that all Koreans are not Bristol's. Ask for the varieties originated by Bristol Nurseries. There is a reason.

Later on in the season we will mail you Bristol Nurseries' list of Chrysanthemum introductions for 1947 shipment, a list which will contain some very interesting new varieties.

NOTICE

All agreements and contracts are subject to ability of shipper to obtain the necessary manpower to dig and pack material and to priorities on material and transportation which may limit, restrict or make impossible performance thereunder.

TO OUR CUSTOMERS

Our office will be open at all hours of the day and night during the busy shipping season to answer phone calls and receive telegrams. This, together with our very fine mail service in Wallingford, enables us to give you the quickest possible service in getting rush orders placed to our various shipping points.

HINSDALE LEAFMOLD

*This fine Leafmold is well recommended for Greenhouse, Lawn and Garden use. It is ideal as a soil conditioner, containing 93% organic matter. Acidity 4.7 to 5.7. Specially good for Azaleas, Rhododendrons, Laurel, Blueberries and Evergreens.

Less than 10 bag lots	at \$1.50 per bag
10 to 20 bag lots	at 1.25 per bag
20 to 100 bag lots	at 1.10 per bag
100 bags and over	at 1.00 per bag

F. O. B. Pittsfield, Mass. Put up in strong bags.
